

Hello!

I am from Mexico City, Mexico but also lived in the southern state of Oaxaca and the northern state of Durango. I came to the United States to learn English. After much consideration, I decided to stay in the United States to get my Bachelors degree. I attended Tallahassee Community College and later transferred to Florida State University. There I completed my B. A. in Spanish and my M. A. in Spanish with a specialization in Latin-American literature.

I worked as a technology tutor at the Tallahassee Community College for 7 years and taught Spanish at FSU for 3 years. I worked in Cairo High School teaching Spanish and ESOL for 4 years. This year, I will be teaching Spanish levels 2-5 and also I will be the Language & Culture AP instructor.

I love singing, music from a wide variety of genres, and Math. I really enjoy traveling and learning about people's culture. My husband and I had the opportunity to travel to other parts of United States like Alaska and Hawaii. We also visited Mexico (of course), Japan, South Korea, and Philippines. We are ready to travel during the summer again.

I look forward to working with you in the classroom so you learn about the Spanish speaking culture, music, and language. Please don't hesitate to contact me if you have any questions.
